This was a real quick interview with Eric of the Grime Spikes (its a lil weak) FOE Who's in the band, what are its origins?

EGS I'm on vocals, Jon guitar, Alan drums, and Matt bass. The Grime Spikes grew out of Morbid Affair (G's days) Myself, Jon and Matt were in M.A. & Alan was added as the new drummer.

FOE Who thought up the name, who writes the lyrics, and how would you describe your sound?

EGS Jon came up with the name, it really doesn't mean anything its just P-U-N-K. Jon Matt and I write the lyrics, Alan hasn't done any yet Our lyrics are about living in the suburbs, stuff we like and dislike in the scene and everything local. I have yet to write a song about Hans. I think we sound a little like Chaos U.K. We're influenced by a lot, tons of bands. We're a punk band that plays Heavy Metal, but we're not HM We're much heavier than Proper Authority. On the 12th we'll show SSD how we ROCK!

FOE What's your best song?

EGS "Kill Mark"

FOE What about "Suburban Lawn"?

EGS Yeah that's a good one too. Put it down.

FOE Do you do any of the old Morbid Affair songs, any covers?

EGS "Suburban Lawn" and "Fascist" are Morbid Affair songs. We do "Belson" and a fast version of "Steppin Stone"

FOE Are you in the Flea Circus?

EGS Do I look like a flea?

FOE I thought they were gonna play on March 1st with Reptile House

EGS No they were just the Flea proteges. The Flea Circus just make tapes. You should get it its rad!

FOE Where do you go to school?

EGS Me and Alan go to Liberty.

FOE What does Jon and Matt do.

EGS They hang out at home. Jon also makes spiked boots.

FOE Anything else you'd like to add?

EGS We'll play for free or whatever at parties, shows. We're not in it for the money. That's not punk. Our roadie, David, got a skinhead.

I worship mikestands. Don't you think all metal bands are influenced by Discharge? We are!
