POE How did the mini East Coast tour with Cancerous Growth go?
J X It was an East-West tour. It went awesome! The crowd response was mostly excellent. The best shows were Pittsburgh, Chicago, and Green Bay.

POE Did you have any problems or unusual occurrences?
J X Not really. The shows all went really well. We always had food and a place to stay. We didn't really lose any \$\$. We got two speeding tickets for \$120. That was the only bad thing that happened.

POE After your record is released what is your next goal?
J X We will be touring the east coast all winter, we start work on an lp soon. It won't be on Ax/tion we would like to get it on a fairly large independent label. Labels have shown interest so it looks good.

POE What does the band do outside of Psycho?
J X We all work day jobs to earn a living.
POE Fav. groups/ movies
J X Discharge, Slayer, Volvox, Destruction, Stupids, Misfits, and Poison Idea are some of our fav. bands. Our favorite movies include Dawn of the Dead, Tex. Chainsaw Massacre, Bodacious Tatas, New Wave Hookers, and Bun Busters.
POE Not regarding to Psycho, but what ever happened to the Proletariate? weren't they supposed to release a double lp?
J X Yes, they were. They have played a few gigs in Boston with a new line up but since then I haven't heard anything.
